

SKID STEER HYDRAULIC 4 - IN - 1 BUCKET

UTILIZING TWO HYDRAULIC CYLINDERS WHICH OPEN AND CLOSE THE BUCKET ALLOWING FOR DUMPING OR GRAPPLING, THE 4 - IN - 1 BUCKET OFFERS VERSATILE MATERIAL HANDLING CAPABILITIES FOR ALL INDUSTRY APPLICATIONS

- Twin hydraulic lift cylinders allow for opening and closing of bucket
- Greaseable heavy pivot points offer smoother opening and closing action thus increasing wear life
- Optional bolt-on replaceable wear teeth available
- Offers versatile functions suitable for multiple material handling scenarios including use as a bucket, grapple, bottom dump bucket, leveler, and push blade
- Quick attach mounting plate

SKID STEER HYDRAULIC 4 - IN - 1 BUCKET

SKID STEER HYDRAULIC 4 - IN - 1 BUCKET	
Model	Hydraulic 4 - in - 1 Bucket
Part Number	1513425
Length	35.00 inches
Width	60.00 inches
Height	26.00 inches
Open Distance	19.68 inches
Weight	617.00 pounds
Capacity	12.36 cubic feet

OPTIONAL FEATURES	
Model	Hydraulic 4 - in - 1 Bucket
Bolt-on Replaceable Tooth (Point)	✓
